

**YOUR SUCCESS IS OUR BUSINESS**

**WE OFFER THE HIGHEST  
QUALITY  
AGROCHEMICALS  
TECHNICAL  
INTERMEDIATE**

Our team is highly motivated and equipped with a vast database of suppliers and products sourced globally, enabling us to consistently deliver top-quality, cost-effective solutions while remaining at the forefront of negotiations.

## ABOUT US

Established in 2022, **RAYS BIOTECH** specializes in the sales of fine chemical materials and agrochemical intermediates. We are dedicated to supplying and marketing world-class quality intermediates used in herbicides, fungicides, insecticides, and pesticides.

---

Our headquarters are located in Mumbai, India, with a strategic branch office in Hangzhou, Zhejiang Province, China. We offer both R&D-scale and commercial-scale quantities, ensuring consistent quality across the supply chain

---

## A RELIABLE SOURCE OF SUPPLY

With over 50 customers across the agrochemical and pharmaceutical sectors in India, we have built a robust and growing presence in the domestic market. Our China office focuses on business development and sourcing. We assist clients in identifying the most qualified manufacturers in China, conducting evaluations and audits, procuring samples for lab testing, ensuring product quality, managing timely deliveries, and supporting export logistics

---

## Why Choose Rays Biotech?•

- Trusted partnerships with over 100 leading Chinese manufacturers•
- Competitive and integrated supply chain — from raw materials to technical agrochemical products•
- Reliable sourcing, quality assurance, and export support•
- Efficient handling of samples and on-time logistics management

## Advantages for Manufacturers•

- Long-standing relationships with partners across a variety of agrochemical technical intermediates•
- End-to-end supply chain system for raw materials to finished technical•
- Technical support and resource integration for seamless operations•
- Strength in upstream and downstream production with technology-backed advantages

## Our Clients

THE  
**INDOGULF**  
GROUP

**POPULAR PESTICIDES**

**TARA CROP CARE**

## Herbicide Intermediates

### Herbicide

#### High-Purity Intermediates:

We supply premium-grade herbicide intermediates that enable precise formulation of powerful and consistent weed-control products.

<b>Pesticide</b> ----- We offer a broad spectrum of pesticide intermediates, enabling effective, eco-conscious pest control solutions that promote healthy farming and sustainable agricultural practices.	TECHNICAL	INTERMEDIATE	
	Pyriproxyfen Intermediate	4-Phenoxy Phenyl (POP) <b>831-82-3</b>	
	Chlorpyrifos	O,O-Diethyl Chlorothiphosphate (DETCL) <b>2524-04-1</b>	Sodium 3,5,6-trichloropyridin-2-olate (NaTCP) <b>37439-34-2</b>

# WE ARE THERE TO SERVE

Should you have any additional requirements or inquiries, please do not hesitate to inform us.

We are dedicated to providing you with exceptional service and look forward to the opportunity to serve your needs.

## Our Presence - India & China

## STAY CONNECTED

Thank you for considering us as your potential supplier. We are eager to establish a mutually beneficial partnership.
